## Personal Profile:

Kelly is a Case Manager at Positive OT & Case Management Ltd, an independent OT and Case Management service which focuses on holistic and practical strategies to enable clients to reach their chosen goals. Kelly is a dedicated and compassionate Case Manager with a Social Work background, skilled in assessment, care planning / coordination, advocacy and multiagency collaboration to achieve positive outcomes, safety and wellbeing aligned with client specific needs and goals. Kelly has Case Management experience supporting both adults and children with complex needs.

Kelly has experience working with clients who have experienced injuries at birth, acquired brain injury and complex orthopaedic injury. Kelly is experienced in recruiting, instructing and monitoring multiagency teams to promote desired outcomes in client led rehabilitation and care. Kelly also has experience of supporting her clients to directly recruit support workers, providing and managing bespoke care teams to deliver safe and quality care support in line with CQC regulations.

## **Professional Work Summary:**
