

Amanda Knight

Case Manager

Professional Qualifications:

PG Dip Occupational Therapy. London Southbank University 2006
(HCPC registered OT49359)

Professional Memberships:

Royal College of Occupational Therapists (RCOT)
BABICM Advanced Practitioner / volunteer assessor
CMSUK
IRCM: RCM2181

Personal Profile:

Amanda became an Advanced Registered Practitioner for BABICM in June 2021 after demonstrating significant brain injury case management experience required within the BABICM standards and competency framework.

Amanda has experience of supporting both Adults and Children who have sustained life changing injuries as a result of accident or medical negligence. Amanda has experience of working with people who have been injured at birth, have a brain or spinal injury, amputation, and complex poly trauma.

In addition, Amanda has established strong working relationships with solicitors and insurers. She has demonstrated effective technical skills in the case management role to identify, justify and obtain authorisation for rehabilitation funding to benefit the client's recovery journey and quality of life. This includes substantial funds for accommodation purchases, adaptations, specialist equipment, care packages and extensive bespoke therapy programmes to achieve client-centred goals and restore quality of life.
